

## Adelanto YouthBuild Donate Sign

Students from the Mojave Basin Youth Corps/YouthBuild Training Center in Adelanto designed and built a reserved parking space sign for the Chapter's CEO, Sue Robinson.

YouthBuild is a youth and community development program that addresses core issues facing low-income communities such as housing, education, employment, crime prevention and leadership development.

*YouthBuild students and instructor Chris Hammond (3<sup>rd</sup> from left) install sign for Sue Robinson (2<sup>nd</sup> from left)*

After receiving the personal gift from the students, Robinson said, “It was a pleasure to see the students’ positive and productive interaction as they worked together on this project. There truly was a sense of accomplishment and confidence on their faces after they successfully completed it.”

Added Robinson, “As a former director with a national, non-profit youth organization, I can attest that these kinds of programs make a significant and positive impact on the lives of youth by providing them with the skills and role models needed to build and lead productive lives and form constructive and long-lasting relationships. I look forward to partnering with Chris Hammond and his students again and thank them for this wonderful gift.”
